Hi Dina,

I have a folder with a schedule, written notes, and a PowerPoint. I have no texts or emails. I did submit expenses to BCAG, not the Town and they have reimbursed me, but I do not have a copy of what I submitted. I'll bring you the folder by Thursday.

This is a follow up to a previous request:

** Every response you send or provide (including all responsive records) may be automatically and immediately visible on the MuckRock.com web service used to issue this request. **

This is a follow-up to the Town under the CPRA for the following. Please consider the Town's obligations under City of San Jose v. Superior Court (Smith), S218066 to search or inquire about personal accounts/devices storing public records -- which we do explicitly request.

1. the full record of emails/memos/instant/text messages (incl. all attachments) from Nov 8, 2018 to present date of: communications between the Mayor and any officer/employee of BCAG or County of Butte re: the Mayor's 2019 trip(s) to Washington DC.
2. the full record of emails/memos/instant/text messages (incl. all attachments) from Nov 8, 2018 to present date of: communications between the Mayor and any other town council member re: the Mayor's 2019 trip(s) to Washington DC.
3. the full record of emails/memos/instant/text messages (incl. all attachments) from Nov 8, 2018 to present date of: communications between 2 or more town council members (but not the Mayor) re: the Mayor's 2019 trip(s) to Washington DC.
4. the full record of emails/memos/instant/text messages (incl. all attachments) from Nov 8, 2018 to present date of: communications between 2 or more town staff, or 1 or more council members and 1 or more staff re: the Mayor's 2019 trip(s) to Washington DC.
5. any expense records, reports, invoices, reimbursements, receipts or similar re: the Mayor's 2019 trip(s) to Washington DC kept by the Mayor OR sent by the Mayor to the Town, whether or not the Town paid for any of it
6. all written records of topics discussed, talking points, brochures, PowerPoints, reports prepared by lobbyists and other presentations re: the Mayor's 2019 trip(s) to Washington DC, in the possession of the Mayor, Council, or Town
7. records of any instrument used by the Town to inquire of your Council, Mayor, and other staff for the production/existence of the records in #1/2/3/4/5/6, and their responses. If you refuse to provide #7 because such records would not exist until after you receive this request, we will file a further follow-up on a later date.

I would prefer the request fulfilled electronically, if possible. PDFs are preferred for all contents (emails, texts, etc.).

Please send only those records available without any fees - since we have asked for electronic copies, we expect all will be available without fees. Nevertheless, for any records for which you would charge fees, instead of copies, please provide us the (free) statutorily-mandated CPRA determination of what records exist, so we may inspect them in person if we so choose to do so, and notify us of the expected costs if we wished to move forward with copies.

Please provide responsive records on a rolling basis as you approve/redact them for disclosure.

Please cite statutory authority for any records withheld in whole or in part.

Thank you in advance for your anticipated cooperation in this matter.

I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

Sincerely,

Anonymous Person

Thank you. For those marked not a town record, if you have retained any copies in the Town's possession of those records, we would still expect them to be disclosed per Govt Code 6252(e) including records "prepared, owned, used, or *retained*" (emphasis added).

Thanks!

Note that every response (including all responsive records) you send may be automatically and immediately visible to the general public on the MuckRock.com internet service used to issue this request.

I would prefer the request fulfilled electronically, by attachments, if possible.

For all electronic copies, you have an obligation to provide electronic records in the original format you hold them.

Therefore, where emails, text messages, chat logs, or similar are provided, we would like them in a format that provides *all* the parts of the record, namely all headers, metadata, attachments, and inline images.

.eml or .msg message formats are best. However, if you convert messages to PDFs or screenshots of iPhone messages, etc. in order to perform redaction, please ensure you include all headers, metadata, attachments, and inline images when converting; the usual From/To/Subject/Sent headers are not enough. If you withhold parts of e-mail or text records (such as headers) without statutory justification, you may be in violation of the CPRA and we may challenge your response.

Please consider your obligations under City of San Jose v. Superior Court (Smith), S218066 to search personal accounts/devices storing public records -- which we do explicitly request.

Please send only those records available without any fees - since we have asked for electronic copies, we expect all will be available without fees. Nevertheless, for any records for which you would charge fees, instead of copies, please provide us the (free) statutorily-mandated CPRA determination of what records exist, so we may inspect them in person if we so choose to do so, and notify us of the expected costs if we wished to move forward with copies.
